

# VETTED COVERT KITS

*GATHER LPR OR VIDEO SURVEILLANCE DATA  
SIMPLY AND DISCREETLY*

## KEY FEATURES

### DISCREET DESIGN

Seamlessly blends into any environment

### READY TO DEPLOY

Quick installation for short or long term deployments

### LICENSE PLATE RECOGNITION

Capture real-time vehicle data for advanced analytics

### ADVANCED SURVEILLANCE

Cutting-edge technology for real-time monitoring

Vetted Security Solutions' covert kits are engineered with a stealthy, low-profile design to blend seamlessly into their surroundings, ensuring undetectable operation.

Featuring advanced license plate recognition and surveillance, these covert solutions deliver real-time intelligence without compromising cover, making them ideal for law enforcement, security professionals, and investigative operations.
