

CAPITAL ADVANTAGE PROGRAM

FLEXIBLE FINANCING FOR
PUBLIC SAFETY TECHNOLOGY

BUDGET STABILITY

Payments align with fiscal planning and annual appropriations

PRESERVED CAPITAL

Avoid large upfront expenditures and protect reserves

FIXED PAYMENTS

No variable rate exposure throughout the agreement term

END-OF-TERM OWNERSHIP

Title transfers to the agency at the end of the term

The Capital Advantage Program is a tax-exempt lease-purchase financing solution built for police departments, sheriff's offices, cities, counties, and other public safety agencies. It enables immediate deployment of mission-critical technology while spreading fixed payments over multiple fiscal years, preserving capital and aligning with annual budgets.

With flexible payment options, the program is administered by a municipal financing partner experienced in public sector compliance, escrow, and servicing. The result is a straightforward, administratively simple process that allows agencies to focus on operations, not financing complexity.

POSSIBLE USE CASES

- Infrastructure & technology expansion
- Multi-site LPR deployment
- RF investigative platforms
- Surveillance & modernization upgrades

Contact Vetted to explore flexible, budget-aligned financing options.

HOW IT WORKS

- Select equipment & project scope
- Structure lease-purchase agreement
- Install equipment immediately
- Make payments over multiple fiscal years
- Own equipment at end of term

FAQ

Is this considered debt?

It is structured as a lease-purchase under municipal non-appropriation guidelines.

Is voter approval required?

Typically no, but always confirm with local counsel.

Can we prepay?

Prepayment options may be available.

Are payments fixed?

Yes. Payments are fixed at closing.
