OPERATION (SPEED MODE):

To operate the radar trailer in Speed Mode please select Radar ON, Display SPEED. Set your speed limit to match the road's speed limit, Excess Speed should be 10-12 MPH over Speed Limit

Display will show oncoming vehicles speed. When over speed the unit will flash and if above excess speed will blank

OPERATION (MESSAGE DISPLAY):

To operate the radar trailer as a small format message sign please turn radar OFF, Display to MSG (Message). Select Quick Message to type a limit display message such as SLOW DOWN.
